CHRIST'S CARE FOR CHILDREN: KENYA/PROJECT 24

Project 24: Nyambiri

We are happy to announce that the new Project 24 site located in the Nyamira diocese is now almost complete. The contractor has been working very hard at keeping with the schedule and will be handing over the keys to the facility in time for our August Catechetical Club

Competition and Opening Ceremony of the Site. The board of management as well as the site manager for the new site have been selected by the local Lutheran church and are ready to receive the new students who will live at this facility. We look forward to sharing the love of God with them and pray that God will work through the hands and feet of the people who will care for them.

Catechetical Club Competition

This last April, all of the children from the Project 24 sites attended the Catechetical Club Competition, hosted by the Project 24 Othoro team. This competition has now become a wonderful tradition where the children come together, play with one another, and show what they have learned throughout the year regarding God’s word and sacraments. Now that the children know what to anticipate, they look forward to this event and share with the new children their excitement and stories of competitions past.

We continue to thank the site managers, pastors, evangelists and deaconesses for nurturing the children and their faith. This event is a wonderful testament to the hard work that is put in to caring for these children.

Children from P24 site: Lenkishon are dressed and ready to perform their song for the competition. The girls from P24 site: Tumaini are showing the visitors their maize field. This is one of their sustainability projects. The site managers pose for a picture. Please pray for them as they care for the children of Project 24.
